

DRAW YOUR OWN PLAN

- Make sure there is a smoke alarm outside every sleeping area. Draw your smoke alarms on your plan.
- You should have two ways out of each room. Any door or window you plan to use as an exit should open easily. Draw your two ways out.
- Never try to hide from smoke or fire. Have one safe meeting place for your whole family. Mark it on your plan.
- Never return to a burning home once you're out.
- Remember to practice, practice, practice!!!

This image shows a full page of blank graph paper. The background is a very light gray color. Overlaid on this background is a grid of thin, medium-gray lines. The grid consists of small, equal-sized squares that cover the entire area of the page, leaving no margins or other markings. There are 20 columns and 20 rows of squares visible.
